Nunavut Airport Services Ltd. Receives ISO 9001:2008 Certification for Airport Services at Iqaluit International Airport

WINNIPEG, MB – Nunavut Airport Services Ltd. (NASL), a subsidiary of Winnipeg Airport Services Corp (WASCO) is proud to announce receipt of ISO 9001:2008 certification for Quality Management Systems for all Airport Services provided by NASL at Iqaluit International Airport.

"Independent ISO certification validates our commitment of providing quality to the Iqaluit community," said Michael O’Gorman, Managing Director of Winnipeg Airport Services Corp. "We will continue to work toward ensuring the consumer will always be the beneficiary of excellent facilities and services."

"Our team is proud that Iqaluit International Airport is the first Canadian airport to obtain ISO 9001:2008 certification," said Mary Ellen McDonald, Director of Corporate Development at Winnipeg Airport Services Corp. "This certification demonstrates our commitment to the highest standards and continuous improvement."

The ISO 9001:2008 quality management standard was developed by the International Organization for Standardization (ISO) and is based on a number of quality management principles including a strong customer focus, the motivation and implication of top management, the process approach and continual improvement.

Nunavut Airport Services Ltd. assumed operation of the Iqaluit International Airport just over a year ago on July 21, 2014 and since that time has methodically implemented processes focused on continuous improvement and quality management.

Winnipeg Airport Services Corp. (WASCO) is a wholly owned subsidiary of Winnipeg Airports Authority Inc. Its main purpose is to provide exceptional airport operations and management services. WASCO’s subsidiary, Nunavut Airport Services Ltd., operates Iqaluit International Airport, and delivers total facility management and airport operations services including airside and groundside maintenance, snow removal, energy and lifecycle management.
